

ProTeam 3" High Tech Tabs

The ultimate stabilized chlorine tablet.

Refreshingly Simple Pool Care

FEATURES

- Patented formula produces higher chlorine efficiency
- Reduces pool operating cost
- Offers enhanced swimmer comfort
- Causes less pH change
- Reduces build-up of stabilized chlorine

BENEFITS

- Tests have shown that 30 lbs. of *ProTeam High Tech Tabs* will do as much as 50 lbs. of regular Trichlor tabs
- Maintains correct sanitizer levels while using less product
- Requires less balancing of pool water
- Water feels soft and gentle to eyes and skin
- Keeps feeders clean
- Offers less maintenance and sparkling blue pool water

APPLICATION

Initial chlorine residual should range between 1-3 ppm

Maintenance residual with 1 tablet per 8,000 gallons of pool water every 7-14 days in a chlorine feeder

The number of tablets used every 7-14 days may vary with temperature, wind, pool usage and feeding method

Test the chlorine residual in the pool water frequently with a reliable test kit

Adjust the tablet feed rate as necessary to maintain the chlorine residual in the 1.0-1.5 ppm range

AVAILABLE SIZES

5 lb. pail, 8 lb. pail, 16 lb. pail, 25 lb. pail, 50 lb. pail
