

Shock

SHOCK

ProTeam Power Magic Super Oxidizer

Shock treatment kills bacteria and controls algae. Restores a crystal clarity to pool water and enhances water quality.

Refreshingly Simple Pool Care

FEATURES

- Patented Calcibor® chemistry which provides excellent sanitation
- Buffered to 9.8 pH
- 40% less TDS than bleach
- Prevents overstabilization
- Contains no Cyanuric Acid

BENEFITS

- Safer and easier to use
- Fewer water balances required
- Much less gassing off than Trichlor
- Requires 2/3 less acid than bleach
- Prevents chalky water caused by Calcium Hypochlorite
- Eliminates scale on pool wall or tile
- Will not calcify sand filters
- Helps maintain *ProTeam Supreme level*

APPLICATION

- Always adjust pH between 7.2-7.4 prior to use
- Marcite or Concrete pools use 1 pound per 10,000 gallons of pool water by broadcasting over a large area at the deep end with pump running
- Vinyl, Painted and Fiberglass pools use 1 pound per 10,000 gallons of pool water by pre-dissolving in a clean plastic 3 gallon container
- Allow to dissolve for 3 minutes
- Pour dissolved mixture in pool
- Preventative treatment use 1 pound per 10,000 gallons of pool water weekly during periods of heavy rain or heavy use

AVAILABLE SIZES
